CATLIN COURT TO RECEIVE STREETSCAPE IMPROVEMENTS THIS FALL

GLENDALE, Ariz. –Street improvements to the Catlin Court neighborhood should be visible to residents and visitors by the end of the year.

The Glendale City Council recently awarded a contract to Sunburst Landscaping, Inc., for construction of streetscape improvements, such as the installation of handicap curb cuts, trees and an irrigation system in various rights-of-way within the boundaries of 58th, 59th, Myrtle and Gardenia avenues.

Residents of the Catlin Court Historic District Neighborhood Association initiated this project through the Neighborhood Improvement Grants Program.

Sources of funding for the project include a Community Development Block Grant (CDBG) of nearly \$130,000; a Neighborhood Improvement Grant of \$45,334; and, \$71,000 of Downtown Pedestrian Circulation funds. The improvements will enhance pedestrian safety and visual appeal.

The Community Revitalization Division distributes federal funds that benefit Glendale residents. The city's Transportation Department oversees the pedestrian funds as part of their multi-modal transportation improvement projects.

The Neighborhood Partnership Office administers a grant program that funds revitalization projects twice a year to assist neighborhoods more than 15 years old. Citizen participation and involvement are key components of the program.

For more information on the Neighborhood Grants Program, call 623-930-2868 or visit the city's Web site at:
